

W4. ICT Career Poster and Video

Choose one ICT career from today's lesson. Your group will research this career in Thailand and create a poster that explains it clearly.

Your poster must include:

- career name
- main responsibilities
- important skills
- average salary or salary range in Thailand
- companies or organizations that hire this job
- university faculty or major to study
- useful experience or certificates
- why this career is interesting or important

After finishing your poster, record a 1–2 minute video explaining the career.

In your video, explain:

1. What is the career?
2. What does this person do?
3. What skills are needed?
4. Where can students study for this career?
5. Why is this career useful in the digital age?

Every member of the team should be present in the video and speaking.

Reminder:

Each group must choose a different career. Career choices are first come, first served. Confirm your career with the teacher before starting.

Do not copy and paste. Use your own words. Include at least 2 sources.

Please upload the poster and video on the provided Google Drive link on the website.

Rename your files with your class number.

For example:

Video – 1,2,3,4,5.mp4

Poster – 1,2,3,4,5.jpg or 1,2,3,4,5.png or 1,2,3,4,5.pdf

Scoring

CRITERIA	POINTS
Poster content is complete and accurate	3
Poster design is clear and readable	2
Video explanation is clear	2
Every member speaks in the video	1
Sources are included	1
Correct upload and file name	1
Total:	10
