

W2. Looks

1. Write the missing information in the boxes?

2. Connect the correct blocks with their description.

change size by -20		It will make the cat disappear
think Hmm... for 2 seconds		It will say something
next costume		It will increase the size of the cat
hide		It will think something for 2 seconds
set size to 100 %		It will change how the cat looks like
say Hello M1 students!		It will decrease the size of the cat
change size by 20		It will change the size to 100%

3. What will happen if we run this code? Draw the result on the right side. The cat is at the 0,0 position. Each block is 5 units long.

(-50,100) (100,100)

```

when green flag clicked
  think I'm gliding...
  glide 3 secs to x: 50 y: 0
  glide 3 secs to x: 0 y: 100
  glide 3 secs to x: -50 y: 0
  glide 3 secs to x: 0 y: 0
    
```
